

MURDERER CAPTURED.

Located on a Farm Four Miles from Emporia.

Paul Johnson, Who Shot and Instantly Killed Henry Miller With a Shotgun in Little Washington a Month Ago, Has Been Arrested and Is Landed Safely in Jail.

Paul Johnson, the negro who murdered Henry Miller, also colored, in the lower edge of Little Washington three weeks last Monday night, and who has since evaded arrest, was captured near Emporia, formerly known as Bellfield, just across the Virginia line, yesterday afternoon, by Chief of Police W. M. Harding, of that place, and lodged in jail for safe keeping until the authorities here could go for him.

There was a shrewd little piece of detective work in connection with the location of Johnson, which was not permitted to give the public. Early yesterday morning Chief Freeman received reliable information, direct from the scene, that Johnson was at work on a farm, about four miles from Emporia, the informant giving the name of the gentleman with whom he was at work, and all other information necessary.

Chief Freeman hastened to his office and wrote a letter to Chief Harding, which was mailed on the Norfolk Shoofly, appraising him of Johnson's whereabouts and asking that he take steps to locate and arrest him at once.

Last night about 8 o'clock, a message was received by Mr. Freeman from Chief Harding, that Johnson had been arrested, and was safe in jail.

Chief Freeman and Sheriff Stevens have been quietly, but diligently at work on the case, ever since the night of the murder. It was surmised that when Johnson left here he would go direct to Virginia, where he had previously worked, possibly on the same farm where he was arrested—and where he has an uncle, and his capture has only been a question of time.

All this talk about his lying around the city for the purpose of killing some other parties, and the report that he has several times been seen in different parts of the city, has been much ado about nothing, and some think it was a shrewd little game to throw the officers off the trail in order to give Johnson an opportunity to make good his escape. Be this as it may, the fact remains that he did not tarry long in these parts after the killing.

Johnson says that after the night of the killing he took leave of the city by way of the electric light station, went from there to Wilson, took the train at Wilson and went to Rocky Mount, and from there made his way to the place where he was arrested, and where he has since worked as a farm hand.

Sheriff Stevens, accompanied by officer Jack Fulghum, left on the Norfolk Shoofly this morning for Emporia, for the purpose of bringing Johnson back to this city.

A telegram received by Chief Freeman this afternoon from Sheriff Stevens states that they have the right man and that they will arrive home with him either tonight or on the Shoofly in the morning.

The killing of Miller was a most cold-blooded murder, premeditated and deliberate, and Johnson will doubtless pay the penalty of his crime on the gallows.

Dock Isler, Johnson's accomplice, is still at large, but in due time he, too, will be apprehended.

Cotton Acreage This Year.

Secretary of Agriculture Wilson explains that the estimated increase this year of 1,086,000 acres is due in part to the outturn of cotton in 1905 as ascertained by the census bureau, and in part only to reports received this year. An acreage that would produce 400,000 bales had to be added to meet the census bureau's figures and this accounts for a million acres at least, leaving but 686,000 acres, or about 2 1/2 percent, of reported increase.

All told, the department puts this year's planting at 28,686,000 acres. There is nothing remarkable in the governmental figures. The big crop of 1904 was grown on 31,248,530 acres. The crop of 1903 was grown on 28,907,000 acres, and it aggregated 10,011,374 bales. The crops of 1905 and 1901 were each grown on about 27,500,000 acres, and was below eleven million bales.

The acreage of the present year does not in itself point to a crop exceeding eleven million bales, and if more is made it will be because the weather is more favorable to the cotton plant, and the boll weevil quiet and unaggressive. It is an average acreage, and the crop will probably be of a similar nature.

The acreage of Alabama in the big crop year of 1904 was 3,002,920, and the actual crop in 500-pound bales was 1,467,469. This year the acreage is put at 3,693,043, as against 3,571,618 acres in 1909. The figures of 1914 have never been approached in Alabama. Acreage figures are at the best but estimates, for the government refuses to count acres as it counts bales, that on being as feasible as the other in the government would foot the bills.

See our line of Bath Rugs. Andrews & Waddell.

A beautiful home wedding was solemnized in this city yesterday at high noon, at the residence of the bride's father, Mr. T. O. Kelley, at 208, E. Pine street, the contracting parties being Mr. James M. Fox, of Rocky Mount and Miss Mary Ella Kelley. The fortunate young groom is a native of Bucks county, Pa., but conducts a successful jewelry business at Rocky Mount. He is a young man of sterling character and is universally admired by his numerous friends in Rocky Mount, his adopted home. The bride is a most lovely young woman and much admired here and in Rocky Mount, where she has spent the past three years as teacher in the graded

schools. The solemn and impressive ring ceremony was performed by Rev. Braxton Craig, pastor of the Rocky Mount Baptist church. The happy young couple left on the 12:20 train for the home of the groom's parents at Point Pleasant, Pa. They will also visit Philadelphia, Washington City and other northern points before their return to Rocky Mount where they will make their future home.

\$100—Dr. E. Detchon's Anti-Diuretic may be worth to you more than \$100 if you have a child who soils bedding from incontinence of water during sleep. Cures old and young alike. It arrests the trouble at once. Sold by M. E. Robinson.

FOR CLERK.

To my Friends and the Public Generally:
I hereby announce myself a candidate for the office of Clerk of the Superior Court of Wayne County, subject to the action of the Democratic County Convention. I feel thankful for the flattering support given me eight years ago and hope that it may be increased to make a nomination, and if elected I shall endeavor to discharge the duties of the office to the satisfaction of all concerned.
JAS. R. HATCH.

June 2nd, 1906.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat-producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatic.

Kodol Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and is necessary for the proper digestion of food to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

HEALTHY PLANTS

Require the Most Careful Attention as well as Good Soil. Did you ever see a rosebush which—despite the most beneficent environment of soil and sunshine—and of atmosphere, seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect. You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc. You must look to the cause of the trouble—it is a germ at the roots of your hair which causes it to fall out. Newcomb's Hairdressing Creams, and healthy hair is the sure result. Sold by leading druggists. Send 5c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Sold by Higgins Drug Co. Special Agents.

To Our Ice Customers!

We beg to call your attention to the fact that we deliver ice only twice daily. Morning delivery till 9 a. m., that is, orders will be taken for this delivery up till 9 o'clock. All orders coming in after that time will go out on the evening delivery at 3 p. m., unless we can conveniently deliver them before that time. Orders given after 3 p. m., except those given for next morning, we will try and deliver, but cannot promise same. We make this arrangement as we find it impossible to properly serve our customers and deliver ice at all hours.

We are thankful and appreciate your patronage and will do our best to serve you faithfully and promptly and trust you will aid us by having your orders in before stated times of delivery. We will do our best to deliver special or extra orders, but cannot promise promptness except on regular deliveries. We send out no ice on Sundays, but it may be had by calling at our ice house at from 6 a. m. to 11 a. m. Ice can be had there up to dark week days.

We thank you for your past patronage and trust that you will continue same.

Yours respectfully,
Robinson's Ice House.
